Honorable Jon Tester, Ranking Member
Senate Veterans' Affairs Committee
Washington, DC 20510

Dear Leader McConnell, Leader Schumer, Chairman Isakson and Ranking Member Tester:

On behalf of the millions of veterans, service members and family members we represent and advocate for, we want to first thank you for passage of the VA MISSION Act (P.L. 115-182), historic legislation that will consolidate and reform VA's community care programs; strengthen VA's ability to recruit, hire and retain medical personnel; review, realign and modernize VA's health care infrastructure; and extend eligibility to VA's comprehensive caregiver assistance program to veterans severely injured before September 11, 2001. With the law set to begin taking effect next year, it is imperative that Congress now ensure that VA has the resources necessary to fully and faithfully implement the many critical provisions of this legislation.

For that reason, we urge you and all Senators to support and vote for Chairman Shelby and Vice Chairman Leahy's new "Complete the Mission" amendment, which would allow Congress to provide VA with sufficient resources required to implement the provisions of the VA MISSION Act, without triggering sequestration or requiring cuts to other VA programs.

As you know, the VA MISSION Act would effectively move funding responsibility for care currently provided through the Veterans Choice Program from mandatory appropriations to a new discretionary program that must fit within overall domestic discretionary caps. However, the current domestic discretionary budget cap for FY 2019, and the anticipated caps for FY 2020 and FY 2021, did not contemplate the new and increased costs associated with the VA MISSION Act. As such, Congress may not have the ability to fully fund all of the programs, benefits and services that our veterans, their families and survivors have earned.

It is imperative that VA not be forced to choose between fully funding its hospitals and clinics for veterans seeking care inside the VA health care system, or fully funding community care for veterans who would otherwise be forced to wait too long or travel too far to access VA care. We do not want to return to a time when veterans were forced onto waiting lists to get the care they have earned through their service and sacrifice.

The new Shelby-Leahy "Complete the Mission" amendment would allow Congress to appropriate additional discretionary funding to meet the new requirements of the VA MISSION Act without triggering sequestration. However, unlike a prior amendment that had been

discussed, this amendment would limit the amount of such funding to just \$1.6 billion for FY 2018, \$8.67 billion for FY 2019 and \$9.5 billion for FY 2020.

We are very concerned that without assurance of sufficient funding, reform and modernization of the VA health care system – which millions of ill and injured veterans rely on – could be delayed or endangered. Further, tens of thousands of caregivers for severely injured veterans might have to continue waiting before they can receive the benefits they deserve. For these reasons, it is absolutely critical that the Shelby-Leahy “Complete the Mission” amendment to the MilCon-VA Appropriations bill be adopted by the Senate, approved by the House, and enacted into law.

As leaders of the nation’s veterans and military service organizations, we again want to thank you for approving the VA MISSION Act in order to fulfill the promises our nation owes to the men and women who served. We now call on you to ensure that VA has sufficient funding to implement this legislation by supporting and voting for the Shelby-Leahy “Complete the Mission” amendment to the MilCon-VA Appropriations bill. Millions of injured and ill veterans and their family caregivers are counting on your support.

Respectfully,
