

The MOAA Foundation provides assistance to over **100,000 MILITARY AND VETERAN FAMILIES** and their survivors each year.

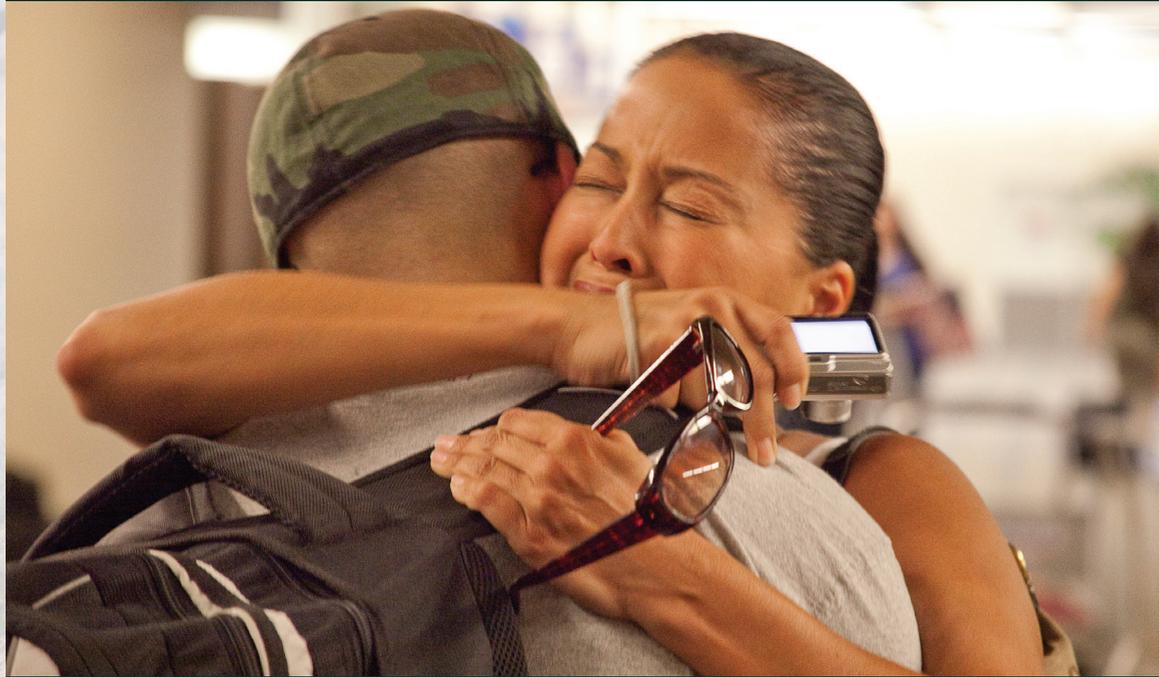

These pressures make it clear the nation's most respected and enduring veterans organizations must step up to bridge the ever-widening gap between the urgent needs of our nation's military families and local, state, and national resources addressing those needs. Toward this end, and in keeping with our membership's long tradition and commitment to never stop serving, MOAA has created The MOAA Foundation (TMF), a 501(c)(3) philanthropic organization.

The MOAA Foundation creates, enhances, expands, or supports high-impact, proven-successful programs and services enabling the nation's uniformed servicemembers and veterans of all ranks, and their families, to maintain a quality of life reflective of their selfless service to America.

The foundation accepts tax-deductible contributions from individuals, corporations, and foundations in direct support of award-winning MOAA programs and services benefiting the entire uniformed services community regardless of rank or MOAA membership status.

The wars in Iraq and Afghanistan now constitute the longest period of armed conflict in American history. Many active duty, Reserve, and National Guard men and women have answered their nation's call by serving multiple tours of combat duty, and the demands being placed on their families are extraordinary and unprecedented.

DID YOU KNOW?

MOAA is the largest military service organization in America and so highly regarded, it's one of the very few organizations offered military installation access as part of our professional education outreach program.

Between 1946 and 1973, the last period of a national draft, the nation had **19 OVERSEAS MILITARY DEPLOYMENTS**. Since 1973, the all-volunteer force has experienced more than 110, a **SIX-FOLD INCREASE**.

MOAA has nearly **400 CHAPTERS** in all 50 states, and many of them provide direct assistance to military families in their local communities.

Approximately **170,000** uniformed servicemembers will transition out of the military every year for the foreseeable future — about **700** a day.

Of the **2.7 MILLION** men and women who have deployed to Iraq or Afghanistan, over **90,000** have had at least four combat tours.

Over **90 PERCENT** of military spouses who want to work are underemployed based on education and experience; the military spouse unemployment rate for those who want to work is **20 PERCENT**, four times higher than their civilian counterparts.

HOW TO DONATE

All donations to The MOAA Foundation are tax-deductible. To donate in any of the following ways visit www.MOAA.org/foundation.

Join the MOAA Heritage Society.

Throughout its long journey, MOAA has been fortunate to have an elite group of leaders — individuals, councils/chapters, and organizations — that demonstrate an uncommon commitment to Never Stop Serving®. To recognize these extraordinary contributors, we have created the MOAA Heritage Society, comprising individuals, councils/chapters, and organizations that commit to multi-year pledges of unrestricted funding in support of MOAA uniformed service family programs.

Join the Distinguished Contributor program. Make a one-time gift of \$250, \$500 or \$1,000 and receive annual recognition in the award-winning *Military Officer* magazine.

Support the annual campaign. This MOAA individual giving campaign encourages supporters to donate each year to help fund MOAA Foundation programs. The annual campaign donations are used, in part, to enable the MOAA Foundation to make grants to MOAA councils and chapters in support of direct service programs assisting military families nationwide.
